Rossville gas committee officials consider provider change

ROSSVILLE—The village gas committee is considering buying natural gas from different company.

Officials, who have a contract with the Missouri Gas Commission and Panhandle Gas Company, met Thursday with representatives of Enron Energy Services to discuss possible gas savings.

Joe DePasquale and Ira Stanfill, Enron representatives, told committee members the village can purchase gas at index price or may buy gas in advance of delivery using gas futures. Additionally, Stanfill said he would be willing to analyze village usage to allow village officials to purchase gas more efficiently.

The men told the members that Milford began using their services four or five years ago and that the company and Bob Wolfe, in charge of purchasing Milford's gas, "are on the right wavelength when it comes to locking in price," DePasquale said.

The committee made no decision on the presentation.
